WOULD A ROSE NOT SMELL AS SWEET?

As Shakespeare said in Romeo and Juliet "What's in a name? That which we call a rose By any other name would smell as sweet." Changing the name of something doesn't make it different; it does however give us a chance to present a new image or side of ourselves to meet the future needs of our clients and our environment.

With that in mind, we are overjoyed to announce that Newport Bay Hospital will be changing its name to:

St. Mungo's Hospital for Mental Maladies and Injuries

Though the name is changing, the staff and patients we treat here will remain the same. We will continue to provide the best possible care and treatment for the patients we serve. Our new acronym will be SMHMMI pronounced (shi-mee). The new company logo will be revealed at a branding and launch weekend long event hosted at the St Regis Monarch Beach Resort May 4th and 5th. Invitations will be mailed to you directly along with your rooming assignments.

Please see page 3 of this newsletter for your new uniform assignments.

UNIFORM ASSIGNMENTS

From the months of May-August, the hospital will be undergoing construction that will take out our AC system. We understand that some of our employee's run a little hot, so in order to deal with the summer months ahead of us, we decided to let everyone wear scrub shorts!

They are super trendy and chic! We will be placing an order for one pair of shorts for every employee in the new designated colors! If you would like us to order more, please fill out an order form in HR.

Thank you!
